*Attorneys for Defendant Thomas Jefferson School of Law*

---

IN THE UNITED STATES DISTRICT COURT FOR THE DISTRICT OF UTAH  
CENTRAL DIVISION

<p>JESSE ANNE MAJORS,</p> <p>Plaintiff,</p> <p>v.</p> <p>THOMAS JEFFERSON SCHOOL OF LAW, et al,</p> <p>Defendants,</p>	<p>MEMORANDUM OPPOSING MOTION TO SET ASIDE ORDER RESTRICTING E- FILING ACCESS [Docket No. 25]</p> <p>Case No.: 2:11cv00558 CW</p>
--	---

Plaintiff is pro se and has shown a penchant for filing documents which are legally and factually unsupported and do nothing to further her claims but, instead, multiply these proceedings unreasonably. She urges the court to facilitate this barrage of filings by allowing her access to Pacer and to the court's electronic filing system. The Magistrate Judge properly denied her request relying on the long established rules of both Pacer and the electronic filing system.

Plaintiff brings this motion under Rule 60(b)(2) Fed. R. Civ. P., which provides for relief where there is newly discovered evidence. Plaintiff fails to describe that newly discovered evidence and has certainly not listed it in her Affidavit of Facts in Support of Motion. Plaintiff has, however, completely ignored the statutory requirements for seeking relief from an order or ruling of a magistrate judge.

The prior order was correct and well supported by the law and facts and should not be vacated.

In *Chambers v. NASCO*, 501 U.S. 32 (1991), the court upheld a trial court's award of attorneys' fees against a party who had repeatedly taken actions which were without merit and which delayed the proceedings. These attorneys' fees were awarded against the party individually. The test for awarding attorneys fees is objective. Defendant moves the court for an award of attorneys' fees expended in association with this baseless motion.

DATED this 21<sup>st</sup> day of July, 2011.
